

TECHATHON 2020

National Level 24 hrs Non Stop Coding Competition

About Techathon 2020 (Hackathon)- It is a 24hrs+ problem solving challenge through coding. Students will be given multiple problem domains, out of which they need to prepare a specific software solution for a problem of their choice in the given domain.

The objective will be to create intense brainstorming sessions accompanied with action based contribution by the students to come up with a final software product in 24hrs.

Based on the inputs given by the experts during the event, students get an opportunity to test their mettle in thinking and devising a software solution.

About Ramrao Adik Institute of Technology (RAIT) is one of the a premier institutes in Navi Mumbai which strives to impact quality education through state-of-art academic disciplines and has been awarded 'A' grade by NAAC in 2016. The institute is affiliated to University of Mumbai running four year undergraduate, post graduate courses in Electronics, Electronics and Telecommunication, Instrumentation, Information Technology & Computer Engineering. The Department of Electronis & Telecommunication Engineering, Department of Electronics Engineering and Department of Computer Engineering are accredited by National Board of Accreditation (NBA) for 3 years. RAIT is also a recognized research center of University of Mumbai and offers PhD in Electronics, Computer, Instrumentation and Electronics & Telecommunication Engineering.

Guidelines
